

Announcing exciting new changes
to UrbanToronto's Database!
<http://urbantoronto.ca/database/>

Introducing new enhanced company profiles

What is an enhanced company profile?

- your individual company page in our Company Database that includes your logo, bio & contact info
- includes live link to your company website (helps your Google Rankings & SEO)
- lists all of the individual projects in our Database that you have been involved in
- your company/link is will also be included on each project that you have worked
- See sample [here](#)

Why should I be here?

- your company will have a presence in our popular Database
- you'll have the ability to market your brand with your own messaging
- your company will be referenced on the individual project pages
- you'll tap into UrbanToronto's vast community using the Database search projects/companies
- you'll increase your corporate visibility in this booming market

UrbanToronto is the GTA's premier website covering development, architecture, construction and real estate.

- **1.8 million page views per month**
- **280,000 unique visitors per month**

UrbanToronto's Database consists of 4,400+ projects and 3,700+ companies
